PURPOSE OF HANDBOOK

This pamphlet is provided as a public service to assist those persons interested in establishing and conducting a business in the City of El Segundo. It is not deemed to be all-inclusive. Any errors or omissions herein will not relieve the business owner of responsibility, obligation or liability in fulfilling all legal requirements.

In this handbook you will find general information that applies to all businesses and some that applies to only specific activities. You will also find a directory of governmental and non-governmental agencies that you may be required to comply with or who can offer business assistance.

AUTHORITY TO LICENSE

The State of California permits cities to license for both revenue and regulation [Government Code Section 37101(a)]. Municipalities, and some counties, license businesses for revenue to broaden the tax base because a business uses, or causes to be used, more municipal services than a residence. The Government Code also states that anyone who carries on a business or profession without procuring the license is guilty of a misdemeanor [Section 16240].

El Segundo's business tax ordinance is detailed in Title 4 of the El Segundo Municipal Code.

When the business tax is paid, a business license certificate is issued. This is commonly called a business license and the terms "business license", "business certificate" and "business registration" are used interchangeably.

If you have any questions concerning your registration or other requirements, our staff members will gladly assist you.

WHO NEEDS A BUSINESS LICENSE

GENERALLY

Any person, including but not limited to an individual, partnership, corporation or limited liability company, who wishes to conduct either directly or indirectly, any business within the City of El Segundo must secure a business license. City law states that no person shall engage in business or transact and carry on a business or business activity, show, or exhibition without complying with any and all applicable provisions of Title 4 of the Municipal Code.

A separate license/certificate is required for each branch or separate location of business.

Some businesses are regulated and require approval prior to obtaining the business license. See page 12 for details.

HOME-BASED BUSINESSES

Home-based businesses are allowed if it merely serves as the base of operations and the activity does not create any traffic or noise, does not involve customers at the home, and there are no identifying signs. The use of residential property for business purposes requires a Home Occupation Permit. For information or questions regarding the Home Occupation Permit and Zoning please contact the Planning Division at (310) 524-2344.

OWNERS OF RESIDENTIAL OR COMMERCIAL PROPERTY

Owners of residential and commercial rental properties must have a business license.

REAL ESTATE SALES AGENTS

Real estate sales agents are in business for themselves. Although they must be affiliated with a licensed broker, each agent is responsible for payment of his/her own business license.

INDEPENDENT CONTRACTORS

Independent Contractors are in business for themselves and must obtain a business license prior to commencing work. Generally, if payroll taxes are not deducted from your pay, you are and Independent Contractor.

BUSINESS BASICS FOR THE NEW BUSINESS OWNER

PREPARING A BUSINESS PLAN

The first step in any business venture is to prepare a comprehensive business plan. There are several local agencies that can assist you. They are listed on page 19. Bookstores and Public Libraries also have many available resources to help you with marketing, bookkeeping and to find financing.

PLANNING/ZONING & SIGN APPROVALS

Inquire about City zoning requirements for your type of business and its planned location. Zoning/Planning approval will always be required prior to the issuance of a business license. Signs are strictly regulated. For information about Zoning and Signs, contact the Planning Division at (310) 524-2344.

HEALTH PERMITS

In addition to obtaining a Business License, you must also comply with all City, County and State regulations for health and safety. See directory on pages 14 through 17.

FICTITIOUS BUSINESS NAME / DOING BUSINESS AS (FBN/DBA)

Anyone using a fictitious business name (also referred to as a DBA or "doing business as") must record the name with the County Clerk. Local newspapers will also handle this filing for you. This is a separate legal requirement; it is not a business license.

OWNERSHIP TYPES

Business ownership is classified into one of the following types of ownership entities (legal business structures): Sole Proprietor, Partnership, Limited Partnership, Limited Liability Company, or Corporation. To determine which type of organization best suits your business needs, please consult a legal or tax professional. Information is also available through the California Franchise Tax Board Small Business Assistance Center.

IMPORTANT INFORMATION ABOUT BUSINESS LICENSES

CHANGE OF BUSINESS LOCATION OR OWNERSHIP

A Business License Certificate is **not transferable**. The certificate is terminated when business ownership changes. It also becomes invalid when a business changes location. Advise the **Business License Office** immediately of any changes to your business registration application, especially if the business has ceased to operate.

POSTING OF BUSINESS LICENSE CERTIFICATE

All Business License Certificates must be displayed on the premises of the place of business. It must be posted in a conspicuous place and open to public viewing.

BUSINESS LICENSE RENEWALS

Once you have obtained a Business License, a courtesy renewal notice will automatically be mailed to you before your expiration date. You will have 30 days after your expiration date to renew your license. If you do not receive a renewal notice, please contact Business Licensing. Failure to receive a renewal notice does not relieve the business owner of responsibility to renew the business registration.

BUSINESS TAX IS PAYABLE IN ADVANCE

Payment must be made on or before commencement of business. Payment is for the privilege of conducting business in the year ahead.

SALES AND USE TAX CREDIT

You may be entitled to a sales tax credit if sales tax is collected and apportioned to the City of El Segundo. This credit is based solely on the 1% local sales and use tax allocated to the City and is calculated on the actual amount of sales and use tax received by the City. This credit may offset up to 100% of the business license tax.

You may also be entitled for a use tax credit if use tax is paid to State Board of Equalization using a Direct Pay Permit. For information on applying and establishing a Direct Pay Permit contact the Business Services Manager at (310) 524-2332.
