Penny Armstrong – President
Laura Verouden – Vice President
David Jonta – Secretary/Treasurer

Everyone congratulated the new President, Penny Armstrong. Sheila thanked David for participating in the process.
G. UNFINISHED BUSINESS –

Debra reported that the City has held two budget sessions. The recent one on June 27th was focused more on Business Economic Development and the priority is to bring in more revenues. The presentation at this session by Director, Sam Lee, highlighted the new developments coming into the City over the next two years. The optimum revenues will bring the City approximately $800K/year in business sales and property taxes.

Also at the Budget meeting was a presentation by the Finance Director, for next year’s budget, including a funding balance of $536K for technology upgrades, tree maintenance, building repairs and the Library’s Friday hours. Some Departments will be re-organizing and job classifications will be changed including the possible appointment of a Human Resources Director whose responsibility in the past years was performed by the Finance Director.

Revenues and expenditures’ forecast in 2014-15 is lagging behind by $4M as health care and retirement costs continue to rise. The departments will be coming up with scenarios for reductions in services. The City Council is considering placing two tax initiatives on the April 2014 ballot for businesses to pay increased Transient Occupancy Tax and Utility Users Tax. If passed, this might be a solution to the budget deficit.

Another budget session will be held on August 22nd in the Library’s Friends of the Library Meeting Room.

Liz questioned why the upcoming year’s budget forecast is better than in 2014-15. Debra reasoned that it is due to two payments from Chevron and some carry-over from the 2012/13 budget we are just completing.

Sheila wanted to find out more about the Friday hours and what steps we are taking to prepare. Debra has budgeted $40K for three additional part time positions. If the budget is passed in October, we will be hiring and the new hours will take effect in January 2014.

2. El Segundo Herald Preservation Project

There are only nine rolls (from February 2001 to December 2008) still to be scanned and digitized. The total cost of the scanning to date is $17,184.96.

Since there were more duplicates of earlier rolls and higher page counts than anticipated, the project was not completed on the old quote. We obtained a new quote which will be presented to Friends of the Library at their meeting next week.
Once the microfilm conversion is completed, we will request a new quote from PTFs for converting the hard copy newspaper issues.

The grant we applied for was not approved.

3. **PayPal Account Status**

Information Services has requested a new SSL certificate to correct the issues. It is expected to arrive within the next several days. Once received and if there are no coding issues, Innovative will contact us to schedule installation of the module.
