Subject: detached ADUs

Hello City Council,

I would first like to thank all of you for the time all of you have taken to address these new laws regarding the housing shortage.

I totally agree with Mr. Atkinson’s statements concerning detached ADUs and how incredibly unfair it would be to exclude. I happen to have the same situation and find it silly that we would be penalized on such technicalities.

Furthermore, I’m a little confused with Carol Wingate and Ryan Baldino opposition? Not sure what this means "And so we have pride of ownership and people walk down the street and they have their kids play in the street, up and down"? Not really sure kids should be playing in the streets, but I guess Wingate does. After these interesting views, I don’t think this person is fit to provide input to such important issues. Besides, what does detached ADUs have to do with kids in the streets up and down?

Didn’t see any reason or explanation for Baldino’s opposition, other than he probably doesn’t have a detached ADU. If that is the case, doesn’t seem fair that his input is even considered.

Please feel free to contact me anytime. I would love to hear your thoughts.

Best Regards,
Shane Warwick
