

## Important Information About Electrical System Upgrades in Your Neighborhood

September 25, 2017

Dear Neighbor,

Southern California Edison (SCE) will be working in your neighborhood soon to make improvements to the electrical grid. This maintenance work is important to ensure the power grid is supported with up to date technology and reliability continues to improve. Thank you for your patience as we complete these upgrades.

### Upgrades in Your Area

We are replacing lattice towers with tubular steel poles, to improve safety and reliability in your community.

### Project Area

This work is taking place in the cities of El Segundo and Manhattan Beach. Please see the map on the back for more details and boundaries of work.

### Work Timeline\*

- Dates: Periodically September 2017 through February 2018\*
- Days of operation: Monday through Friday \*\*
- Hours: 7:00 a.m. through 7:00 p.m.

*\*Please be advised these dates and times are subject to change due to unforeseen operational factors or inclement weather.*

*\*\* Work hours will vary based on permit conditions.*

### What to Expect

- In some cases, large equipment such as cranes may be used. Please remain at a safe distance.
- There may be noise associated with construction activities.
- To ensure your safety during construction, there may be traffic lane and sidewalk closures. Crew members will use appropriate traffic control signs and flags. Please exercise caution when approaching a work area due to the presence of equipment and personnel.

SCE will provide the latest information about outages at [sce.com/outage](http://sce.com/outage).

**Here are some tips for customers preparing for a maintenance outage:**

- Customers with a medical condition that require electric-powered life support equipment should be sure to have a backup power system in place or make other plans for health and welfare during an outage.
- Make sure food stays as cold as possible by keeping refrigerator and freezer doors closed and placing blocks of ice inside.
- Learn how to manually open security gates and garage doors.
- Notify any security companies that monitor the customer’s home or business.
- Protect computers, televisions and other sensitive equipment by unplugging them.
- If you use medical equipment in your home, SCE offers a Medical Baseline program. To learn more about the program and its benefits, including enrollment, please visit [sce.com](http://sce.com) or call SCE at 1-800-655-4555.
