El Segundo Downtown Parklet
Overview

• On **May 17th, 2018**, the El Segundo Downtown Committee selected architect company B+U, LLC to launch the first parklet in the downtown area.

• **Parklet**- designed as a small seating area created as a public amenity that extends from a sidewalk/ or parking space.

• **Project Construction Start Date**: January 22nd

• **Estimated Project Installation**: March/April 2019
Parklet Benefits

- Support local businesses and increase economic activity
- Encourage pedestrian activity
- Foster neighborhood interaction
- Improve appearance of the street/sidewalk
