Message from the City Manager

Members of the City Council and Valued Community Members of El Segundo:

On behalf of the City organization, I am pleased to present the City of El Segundo’s Fiscal Year 2020 - 2022 Strategic Plan. The plan serves as a roadmap for El Segundo’s vision as a “hub for innovation where big ideas take off.”

With this Strategic Plan, the City will continue its work toward making El Segundo a premier place to live, work, recreate and visit. Our citizens and business community expect us to provide a high level of service while keeping the community safe at all times and by providing programs and services which enhance the quality of life.

As we implement the projects and programs outlined in this strategic plan, we will continue to work with our community and build upon the partnerships we have established.

I am excited about joining the El Segundo team and look forward to being part of achieving the City Council goals for El Segundo. Success will be a team effort between the Council, staff, and community, and I’ll do all I can to support each person’s work.

Respectfully,

Scott Mitnick
City Manager
August 2019
The strategic plan is a living document, featuring a comprehensive framework that can be adjusted based on the current needs of the community.

It contains City Council priorities to be met by City staff.

The City initiated its strategic planning process in 2016 to chart a clear path for the future.

The Strategic Plan has five long range goals, each of which has objectives to be met. City staff provide a quarterly update showing progress on each of the activities within the Strategic Plan. Key performance indicators (KPIs) have been established within each department and improvements are made on the basis of information learned through those KPIs.

The Council and executive team update the Strategic Plan annually. The intention is that the plan be modified on an ongoing basis to ensure that the stated goals are aligned with the needs of the community.
Through a series of outreach efforts, the City identified five key goals to advance El Segundo as “a hub for innovation where big ideas take off.” The goals and a brief description of what we are seeking to achieve by each goal are provided below.
