As is well documented, the City is facing a significant budget deficit. The international financial crisis affects all aspects of our state and local economies. Consequently, the City is considering various methods to reduce the budget deficit.

Among other things, the City Council is asking City employees to reduce pay or benefits to help lessen the City's financial burden. It seems only fair that the City Council itself take a pay cut to contribute to the overall effort.

I had hoped that the City Council could immediately implement a 20% reduction in compensation. However, the City Attorney informed me that Government Code § 36516 requires that the City Council utilize the same procedures for decreasing compensation as when increasing compensation. This means that the City Council would need to adopt an ordinance amending El Segundo Municipal Code § 1-4-3 (which sets the City Council’s compensation at $900 per month) to reduce its compensation. And, that reduction would not occur until after the next municipal election (Government Code § 36516.5).

I do not think that we can wait that long. Accordingly, I propose that we agree to voluntarily reduce our monthly compensation to $720 (a 20% decrease). To memorialize that effort, I urge you to join me in adopting the draft resolution.
RESOLUTION NO._____

A RESOLUTION EXPRESSING THE CITY COUNCIL'S INTENT TO VOLUNTARILY REDUCE INDIVIDUAL COUNCILMEMBER COMPENSATION BY 20%.

The City Council of the city of El Segundo does resolve as follows:

SECTION 1: The City Council finds and declares as follows:

A. Individual Councilmembers receive $900 per month as compensation for serving on the City Council pursuant to El Segundo Municipal Code (“ESMC”) § 1-4-3; and

B. Because of the significant international, national, state and local economic crisis, the City is forced to adopt various budget austerity measures to help mitigate any reduction in public services or benefits; and

C. Among other things, the City Council asked that City employees accept various measures that may reduce pay or benefits in order to ensure a balanced City budget; and

D. To demonstrate the City Council’s support for the employees, the City Council believes it is in the public interest for individual Councilmembers to voluntarily reduce their compensation by 20%; and

E. Councilmembers who choose to such a voluntarily reduction would be paid $720 per month in compensation.

SECTION 2: Councilmembers choosing to voluntarily reduce their pay should provide written confirmation of that decision to the City Manager.

SECTION 3: This Resolution will become effective immediately upon adoption and will remain effective unless superseded or repealed.

PASSED AND ADOPTED this ___ day of ________________, 2010.

Proposal from AKM Consulting Engineers

FISCAL IMPACT: Included in Adopted Budget
Amount Requested: $150,000
Additional Appropriation: No
Account Number(s): 301-400-8204-8317

ORIGINATED BY: Maryam M. Jonas, Principal Engineer
REVIEWED BY: Stephanie Katsouleas, Public Works Director
APPROVED BY: Jack W. Mau, City Manager

BACKGROUND AND DISCUSSION:
On April 20, 2010, the City Council approved a contract with Mathew and Stewart Company, Inc., for the replacement of sanitary sewer mains at various locations within the Smoky Hollow Specific Plan. Staff received two proposals in response to the request for inspection services for this project. After initial review of the proposals, staff reviewed the background and qualifications of the inspectors. Staff determined that AKM best meets the needs of the City for this project. Mr. Steve Patterson of AKM Consulting Engineers has considerable experience managing similar projects with references that are consistently positive.

The services provided by Mr. Patterson are but not limited to:

- Coordinate between the contractor, sub-contractor, and the City to ensure that
construction activities are performed on schedule and in accordance with the plans and specifications.

- Monitor and report on contractor’s daily progress, processes submittals and request for information (RFI’s).
- Prepare and distribute daily reports on construction activities and progress
- Conduct weekly construction meetings with the contractor, sub-contractors and the City staff.

Staff recommends awarding a contract to AKM Consulting Engineers to retain Mr. Steve Patterson’s services to provide construction inspection and resident engineering for the construction phase of the sanitary sewer rehabilitation project.

Funding is available from the Environmental Protection Agency (EPA) grant which requires a cost sharing match of 55% EPA to 45% City. The City Match is available from the El Segundo Sewer Enterprise Fund.

APPROVED BY: Jack Wayt, City Manager

BACKGROUND AND DISCUSSION:
This project is part of the City's Residential Sound Insulation (RSI) Program financed by federal grants from the Federal Aviation Administration (FAA) and the settlement agreement with Los Angeles World Airports (LAWA).

The RSI Program offers modifications to owners of qualifying residential property in the City of El Segundo that reduce interior sound levels of noise generated by air traffic from neighboring Los Angeles International Airport (LAX).

At its meeting on August 18, 2009 the City Council awarded a construction contract to Big West Professional Building Contractors, Inc. (PBC) for construction for 22 homes, commonly referred to as Group 37 of the RSI Program.

The work has now been completed at 21 of the 22 homes, with one home eliminated from the project after it was determined to be ineligible for the RSI Program.

The final contract amount is $581,587.21.

Consideration and possible action to introduce and waive first reading of an Ordinance amending the El Segundo Municipal Code's regulation of massage establishments within the City of El Segundo. (Fiscal Impact: None)

RECOMMENDED COUNCIL ACTION:

ORIGINATED BY: Steve Jones, Business Services Manager
REVIEWED BY: Mark Hensley, City Attorney
APPROVED BY: Jack W., City Manager

BACKGROUND AND DISCUSSION:

Senate Bill 731 became effective on September 1, 2009. Prior to SB 731, the regulation of massage establishments has been at the local level. This new law sets up a statewide system of certification for massage therapists that exempts state-certified therapists from having to obtain a massage permit from the local government. The law is in response to the criticism of legitimate massage therapists that it is a burden to obtain a multitude of permits if they practice in more than one city or move within the state.

SB 731 created a massage therapy organization called the California Massage Therapy Council (CMTC), a nonprofit organization that provides for the statewide certification of massage therapists and massage practitioners. To become state certified, applicants must be eighteen years of age or older, meet specific educational criteria, provide the CMTC with current required information, provide fingerprints for submission to the Department of Justice for a criminal background check, and to pay fees required by the CMTC.
The Bill also prohibits cities from enacting or enforcing certain ordinances regulating the practice of massage by a certificate holder. Key provisions of SB 731 are summarized below:

1. Any person certified by the CMTC has the right to practice massage, consistent with state law and the qualifications established by his or her certification in any city or county in the state and is not required to obtain any other license, permit, or other authorization. However, the bill does not prevent a city from adopting or enforcing any local ordinance governing zoning, business licensing, and reasonable health and safety requirements for massage establishments or businesses.

2. A CMTC certified sole proprietorship, and massage establishments or businesses that employ or use only persons certified by the CMTC, enjoy more freedom from local regulation. Although a local agency have the right to adopt land use and zoning requirements applicable to massage establishments or businesses, any land use and zoning requirements must be no different than the requirements that are uniformly applied to other professional or personal services businesses.

3. Qualifying massage establishments or businesses cannot be required to provide additional restroom, shower, or other facilities that are not uniformly applicable to other professional or personal service businesses.

Cities that regulate massage establishments must update their massage establishment ordinance to reflect SB 731. Otherwise, much of a city’s ordinance is likely preempted and unenforceable against these establishments, and aspects of the businesses that could be regulated are foregone.

The City must make sure to treat qualifying massage establishments in accordance with the new state law. There will be two separate systems with separate rules governing qualifying and nonqualifying businesses. The City should have an updated ordinance to keep it straight.
