City of El Segundo Art Proposal 1940 Mariposa

September 27, 2022

Pacific Blues, 1940 Mariposa

1940 Mariposa Avenue, El Segundo, CA 90245

Charlie Edmiston Studio is proud to present on behalf of Montana Avenue Capital Partners this artwork proposal for 1940 Mariposa in El Segundo. The site specific wall mural exhibit developed by local artist, Charlie Edmiston, offers the City accessible artwork by improving the quality of place and showcasing the El Segundo beachside landscape.

Inspired by El Segundo's backdrop, the Pacific Ocean, and Montana Avenue Capital Partners' commitment to **sustainability, authenticity, and community**, the mural seamlessly unifies the site's physical elements with the signature Pacific Ocean blue. Through an **accessible** visual representation, the mural encourages the public to appreciate nature's gift to the community and integrates art into the daily city life.

Note: Rendering is for illustration purpose only. See page 8 for actual installation location.

Charlie Edmiston

Los Angeles

Born and raised in Los Angeles, Charlie's use of spray paint and vibrant colors embody the energy of L.A. along with the allure of Southern California. His distinctive style has gained international recognition.

Where his predecessors' explorations are narrowing and subtractive, Edmiston's projects are expansive. What were once cutting edge and dangerous advances in the modernist avant-garde are now tamed as fundamental tools for art creation. It is not that Edmiston takes these works for granted, but rather that he has so fully accepted their validity that he can wield the concepts as building blocks for constructing artworks that are elusive in their definition.

Art whose purpose is to invite further exploration and contemplation rather than codify stylistic definitions.

Artwork Proposal: Pacific Blues

The proposed mural, Pacific Blues, is a geometric-abstract representation of the diverse landscape of El Segundo and pays homage to the blue skies of Southern California. Additionally, the subtle green and gray color palette was designed to coexist with the surrounding concrete textures and lush landscaping. The three-dimensional wood elements reference nature and create a dialogue with the nearby trees. This mural was designed to make a bold visual impact while still blending into the existing space.

The mural will be painted with exterior 100% acrylic based paint and sealed with an UV protective / anti-graffiti coating. Three-dimensional shapes cut from plywood will also be mounted to the wall.

Artwork Inspiration:

The mural, *Pacific Blues*' color scheme draws from the natural environment representative of El Segundo: the Pacific Ocean and the lush landscaping throughout the City.

Artwork Location:

Image 1

The mural, *Pacific Blues*, to be installed at the exterior entrance facade, will be visible on Mariposa Avenue, sharing the artwork with the El Segundo community. Right in front of the mural is a fireplace that will be utilized as an outdoor amenity for office users to unwind.

Note: See image 2 and 3 for the full length of the mural.
