Subject: DEI report has gaps, forgot religion

Hello,

The DEI report was detailed, but religion was left out. I was actually surprised the committee didn't include religion after the exclusive behavior of ESMoA on Mothers Day and anti Israel protest on PCH (May 2021). Last year, the ESUSD also had a "gas the Jews" threat where the police has to get involved (ask the police chief, he can confirm). Lastly, El Segundo also had a "gentiles only" sign in town in December 1944. I know the committee is aware of these topics because I brought to their attention, so if the goal is to make all minorities feel comfortable, there's gaps.

Greetings,

My name is Corrie Zupo and I am a local resident. I support City Council agenda item E, #12. I hope that the DEI committee, along with the other two social justice groups (Sweat Equity Alliance and ES4BL) include religion as a part of their group's purview. I am asking for all three groups support and help Jews in this community who feel that we have been victims of anti-Semitism by ESMoA. Please help us educate the museum that targeted political messaging with a meme that had 10 examples of various ways a mom has lost a child due to the government, but 1 line item specifically called out Israel is considered antisemitic (even by a local Temple's Rabbi). Others and I tried educating ESMoA by email, but they never responded. All three social groups have been silent on this, but we would appreciate your voices.

Thank you,
Corrie
