Subject: Written Public Comment for the 08/15/2023 meeting of El Segundo City Council

Good afternoon,

My name is Brandee Keith and I work with the Geographic Outreach team at South Coast Air Quality Management District, serving the cities of the South Bay. As I am unable to attend this evening's city council meeting, I'd like to submit the following as written public comment:

South Coast AQMD staff invites the public, especially members of communities living near petroleum refineries, to attend our upcoming Public Workshop for Proposed Amended Rule 1180 – Major Petroleum Refinery Fenceline and Community Air Monitoring (PAR 1180) and Proposed Rule 1180.1 – Other Refinery Fenceline and Community Air Monitoring (PR 1180.1).

The South Coast Air Quality Management District (South Coast AQMD) has scheduled two Public Workshops, one of which will be held in the evening with Spanish translation available, to present and solicit information and suggestions from the public regarding Proposed Amended Rule 1180 – Major Petroleum Refinery Fenceline and Community Air Monitoring (PAR 1180) and Proposed Rule 1180.1 – Other Refinery Fenceline and Community Air Monitoring (PR 1180.1), which are scheduled for a Public Hearing before the South Coast AQMD Governing Board on November 3, 2023 (subject to change).

The meetings will be held on August 22, 2023, at 10 a.m. and 6 p.m., PST. The 6 p.m. meeting will also include Spanish translation. For more information, please visit the [Rule 1180 Rules Page](#) on our district web site, www.aqmd.gov, or contact: Mojtaba Moghani, (909) 396-2527 or mmoghani@aqmd.gov.

Regards,

Brandee L. Keith
