Subject: 4-Way Stop at Main Street and Oak Avenue
To: <PublicCommunications@elsegundo.org>

Dear City Council,

I understand that the City of El Segundo is considering installing a 4-way stop at Main Street and Oak Avenue. I am a homeowner and live at 308 West Oak Avenue and I **support this initiative** for the following reasons:

1. It will provide improved safety for pedestrian traffic that crosses Main Street. There is a considerable amount of pedestrian traffic crossing Main during school hours and HS events. At night, this is a particular challenge and safety risk as drivers often do not see the pedestrians.
2. The addition of a stop sign will help reduce traffic speeds on Main Street.
3. It will make it safer to turn from Oak Avenue onto Main Street. During commuting hours, it is difficult and unsafe to turn from Oak onto Main Street.

I believe this improvement will improve public safety and the quality of life in the City of El Segundo.

Regards,
Craig Glastetter

Subject: W Oak Ave & Main St

To whom it may concern,

Please make Main St. and W Oak Ave. a 4-Way Stop. My daughter was witness to a young woman hit by a car on her way home from school at this intersection last spring. We live on W. Oak Ave. and have both experienced and witnessed many near misses in our 19 years on the street. Turning left onto Main St. can be very challenging especially at morning and afternoon rush hour. It would be a true service to the safety of our community to make Main St. and W. Oak Ave. a 4 way stop.

Thanks

Kelly Remmer

W. Oak Ave. home owner
